User manual and assembly instruction
of LED Illuminated Bathroom Cabinet Sofia

Thank you that you decided to buy our product. We made all our products taking care of each detail and we subject them to multiple tests. We are convinced that you made a purchase that will serve you for a long time.

NECESSARY TOOLS

- A pencil.
- A measuring tape or a ruler
- A level.
- A wall plug (Included).
- L-bolts (montage hooks included).
- You may also need a person to help you
- A drill bit 6 mm
- A drill and a screwdriver.

Read the instructions carefully before proceeding with the installation. Failure to follow the instructions may result in the refusal to accept the complaint.

SAFETY

Fire hazard!

Prolonged use of LED strip may cause it to become very hot. Do not place flammable objects near it. Mirrors with lighting can only be mounted on a flame-retardant or non-flammable surface.

Burn hazard!

Avoid touching the lighting as it may become very hot.

Fragile glass. Handle with care!

Take care when handling the corners of the mirror during installation, as they are particularly vulnerable to mechanical damage.

Risk of breakage!

Depending on the size of the mirror, it may be heavy. We recommend having two people assist with the mounting process.

High voltage!

Electrical installation should only be carried out by a qualified electrician.

Product usage risk!

Keep products out of reach of very young children (0-3 years). Children between 3 and 8 years old should not have access to the product unless supervised at all times.

Children over 8 years old, elderly individuals, and those with reduced physical, sensory, or mental abilities may use the products only under supervision or if they have been trained on their safe use and understand the associated risks.

Avoid Overloading!

Do not hang additional objects on the mirror. Adding extra weight could cause the mirror to fall.

PREPARATION FOR INSTALLATION

- 1.** First, open the package. Remember not to place the mirror on a hard surface as this may damage the product.
- 2.** Check if the package contains all the elements (product received according to the order, assembly elements).
- 3.** Then take the mirror out of the packaging and place it on a soft surface (you can use a folded towel for this).
- 4.** Make sure the product does not have any scratches or damage. Pay particular attention to the corners, check them first by removing the protections. If necessary, contact us, do not install the item with possible damage.

Content: **1.** L-hook 2 pcs

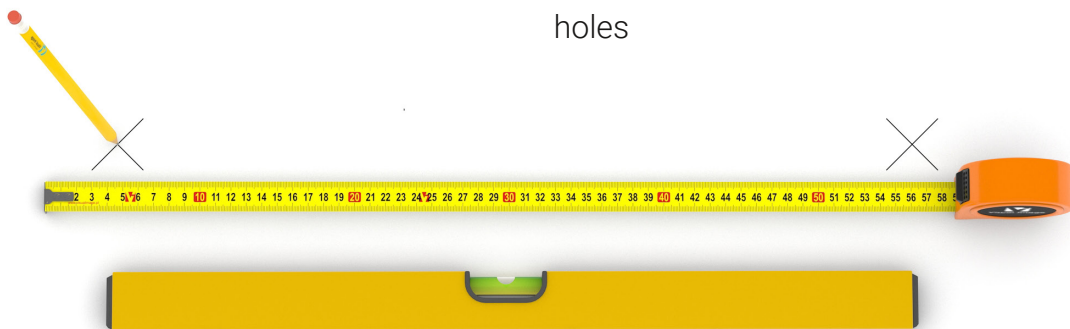

INSTRUCTION FOR MOUNTING ON THE WALL

1. In order to establish the mounting place on the wall, measure the distance between two holders fixed to the cabinet.

2. Using the measurements, mark two points on the wall that will serve you to drill the holes

INSTRUCTION FOR MOUNTING ON THE WALL

3. Make sure that the distances between the holders on the cabinet and between the points marked on the wall are the same.

4. Check whether there is no installation in places that were determined to make holes there.
5. If there is any installation in the wall, choose another place for the mount.
6. Once you determine mounting places on the wall, drill holes there.

7. Put both wall plugs in the holes
8. Then screw "L-hooks" in the wall plugs to the distance of 10-15 mm from the wall

9. In order to ensure that the cabinet is fixed stably, make sure that L-hooks are properly screwed.

INSTRUCTION FOR MOUNTING ON THE WALL

10. Then, hang the cabinet on previously mounted L-hooks

Use the element marked in red to adjust the distance between the shelf and the wall.

Use the element marked in yellow to adjust the height of the holder (up / down).

GUIDELINES RELATING TO CLEANING AND MAINTENANCE

- If blurs remain on the glass after removing the protective film, use the included glue remover. You can eliminate any streaks with a glass cleaner.
- Use only agents intended for cleaning of glass surfaces and a dry microfibre cloth for everyday maintenance of the mirror.
- Avoid cleaning glass with silicone ore acidic agents. Cleaning agents of such kind may damage surface of the glass and induce its corrosion in the future.
